DEAR OASIS FRIENDS,

This is our first catalog for the relaunch of in-person engagement, and I am thrilled that we can connect with our Oasis learners, volunteers, and exercisers face-to-face this fall. A steady theme in many of my recent letters, blogs, and op-eds surrounded the amplification of social isolation as a continual symptom of the pandemic era. We know too well a pitfall of aging are the elements of loneliness that come with it. As COVID-19 swept across the globe, abruptly imposing an order of communal seclusion—effects of isolation were felt by all. While there is no substitute for experiencing, doing, and sharing in-person, we were thrilled to engage so many of you virtually over the last couple of years. The theme of our fall programs is “So happy together” and the lyric from the iconic Turtles 1967 song that dances in my head as we prepare for reopening is “When you’re with me, baby the skies’ll be blue.” I hope that you had a “blue sky” summer as we head into a fall of reconnection, sharing of new experiences, learning, movement, and purpose together.

Warm regards,

Paul Weiss, PhD
President, Oasis

ST. LOUIS OASIS UPDATES

About Us
St. Louis Oasis is part of a national nonprofit organization designed to enhance the quality of life of older adults in more than 250 communities across the United States. We promote healthy aging through lifelong learning, active lifestyles, and volunteer engagement. Our programs encourage personal growth and service to the community. Oasis is a Guidestar Platinum Charity, member of the S&I 100 Index of top-performing nonprofits, and a Better Business Bureau of Eastern Missouri accredited charity.

Membership
St. Louis Oasis relies on donors, grants and program revenue for financial support. Membership is free!

SO HAPPY TOGETHER...ONLINE, OUTDOORS, & IN-PERSON!

What Happened Then: St. Louis Oasis held our last in-person programs in March 2020, as the COVID-19 pandemic began to gain traction in the United States. At that time, we had no idea it would be nearly two years until we could plan in-person programs again! Committed to the safety of our members and to our mission of connection and education, we quickly pivoted to online programming via Zoom where robust learning has happened throughout the pandemic. We are grateful to our participants, volunteers and instructors for bravely embracing new technology. As COVID-19 vaccines have become available, Oasis has added outdoor activities, such as hiking, biking and walking tours.

What’s Happening NOW: Our next adventure is resuming IN-PERSON indoors programs this fall, in addition to online and outdoor classes. We invite you to embrace the program delivery model that works best for you. Watch for the keys to indicate if a class is Outdoors, Online, In-Person or Hybrid. Hybrid classes are in-person programs that will be live-streamed via Zoom – so you can choose to attend online or in person.

Our Commitment: Oasis is committed to following federal, state, and local pandemic safety procedures. To participate at in-person indoor programs, we require that you wear an appropriate mask correctly over your nose and mouth while inside. Vaccination is highly recommended so that we can minimize the risk of exposure to COVID-19 to our staff, volunteers, participants, and other stakeholders. During registration, you will be asked your vaccination status. If you do choose to share your status with us, we will denote it in our database and that information will be used only for the purposes of minimizing COVID-19 exposure. Should your participation occur at a partner location other than The Center of Clayton, 50 Gay Avenue, or The Oasis Institute at 11780 Borman Drive, Suite 400, you are asked to follow the guidelines required by the class location site or the Oasis guidelines above, whichever is the most stringent.

THE STUDENTS NEED YOU NOW, MORE THAN EVER.

Help a child learn to love reading in the 2021–22 school year!

Oasis Intergenerational Tutoring is a volunteer program that pairs older adults with children in kindergarten through 3rd grade to work one-on-one each week as their tutors, mentors and friends.

After tutors attend training sessions, they choose from a partnering school district in the Greater St. Louis area, and work with the same child each week throughout the school year.

Oasis tutors use a six-step approach to literacy designed by educators that emphasizes improved reading, speaking and writing.

The relationships forged between tutors and students make a profound difference not only for the children, but also for the tutors, many of whom report finding a renewed sense of purpose. Oasis tutors foster a caring, supportive environment where reading and language activities, keyed specifically to each child’s interests, spark curiosity and create opportunities to set attainable educational goals.

“Students need extra help right now,” said Mary Click, National Intergenerational Tutoring Director. “This is an important moment in time, where we can harness the great wealth of experience and knowledge among our older adult population and bring one-on-one help to students in the classroom. We are excited to be able to connect our seniors and our students in an impactful way.”

What is the time commitment?
Tutors are asked to meet with the same child, for up to one hour, at least once a week for the entire school year.

Do I need teaching experience?
No. Your enthusiasm, patience and compassion are far more important. As a tutor your roles include mentor, friend and role model.

What age are the students?
The program is designed for children in kindergarten through third grade, a critical period for developing reading and language skills.

What training will I receive?
Tutors complete 10–12 hours of training based on a proven six-part plan of activities that includes talking, reading and writing. You will learn ways to draw out the child’s experiences and create simple stories that form the basis for reading activities. You may also attend monthly tutor meetings for continued training and opportunities to share your successes and challenges with other tutors.

For more information on becoming a tutor, call the Oasis Tutoring voicemail at 314.995.9506 or visit us online at oasisnet.org/tutoring.

OASIS VOLUNTEERS, WE COULDN’T DO IT WITHOUT YOU!

Thank you thank you thank you! We can’t say “Thank You” enough to our Oasis Volunteers who have weathered the Covid storm with us. We have faced challenges and, together, found solutions. You have been a friendly voice of support as you helped others navigate in an online world. Your commitment has ensured that the Oasis mission continued. We couldn’t have done it without you!

So many of you have helped and we value every moment of the time you have given. We would like to extend a special thank you to our Administrative Volunteer team. With patience, grace and humor they have supported Oasis through transitioning to Zoom, a brand new registration system, staff changes and more — all remotely during a pandemic. We are so grateful.
Fall is here & Oasis is Everywhere!

*Discount only applicable to virtual classes listed on [www.oasiseverywhere.org](http://www.oasiseverywhere.org). Good for new and current Oasis Everywhere users. One use per person. Cannot be combined with other offers. Excludes gift cards, and donations. Expires December 31, 2021.*
Zoom Video enables you to meet with people virtually using a computer or mobile device. Oasis is here to help you understand Zoom so you can get active online — share and connect with others, learn and exercise. We will teach you to control your camera, microphone, chat and more. Choose a session based on if you will use a computer or mobile device, like a smartphone or tablet. Sessions are free.
